Motion carried.

COMMENTS FROM THE PUBLIC

There were no comments from the public as there was no public in attendance.

NEW BUSINESS

Sheila reported that she hadn't heard anything from DEP regarding the spillways at the dam at Lions Lake.

OLD BUSINESS

Replacement Ball Field Plan

Question was asked about the ball field which will need to be moved due to the expansion of the yardwaste facility to which Sheila replied, she did pass on the suggestions of the board regarding repositioning of the field to the engineer. She thought the Board of Supervisors had looked at it also. She explained that maybe next month at either the Board of Supervisors' meeting or the Parks and Rec meeting we could see if Gene Martin would come to give any input before we proceed. She explained there is a retention pond by the soccer fields which they were discussing the possibility of repositioning.

Discussion followed regarding the size of the present field which will be replaced. The Board looked over the proposed plans and further discussed some of the options.

Park Update

Sheila reported she had taken a few pictures at the Lenni Lenape Park that day. The pictures showed the sign and the playground. She explained they were slowly getting sections of the concrete around the building completed but was unable to take photos of that. She said in the bathroom the baby changing table is in. She reported Dave had spoken to the Frisbee golf people. Question was asked what we would be doing on the playground to which Sheila replied it most likely will be playground mulch. Discussion followed regarding the park. Question was asked about advertising about the park opening to which Sheila reported it most likely won't be complete until October or November. She said there are too many unfinished areas around the park, including equipment being there, to encourage the public to visit.

Sheila reported she attended the Eagle Scout Court of Honor for Joey DeFluri who rehabbed half of our markers at Lions Lake. She mentioned we gave him a certificate of appreciation. She said his parents were very thankful to have had a project for him to complete.

She stated the Safety Committee would be doing the park inspection later this month.

MOTION: Motion was made and seconded to adjourn. Motion carried.

With there being no more business brought before the Parks and Recreation Board the meeting was adjourned at 7:30 P.M.

Respectfully submitted,
